

January 25, 2012

At last night's State of The Union Speech President Barak Obama said, "Anybody who says America is in decline does not know what they (sic) are talking about." I could not believe my ears when I heard those words coming from the mouth of the leader of a nation in peril and headed down the primrose path to extinction.

The wanton destruction and murder of over fifty-three million innocent pre-born babies is one of the downward steps to America's decline. Fornication in America is draining the treasury of this once great moral nation. Seventy percent of babies are born out of wedlock in the black community compared to twenty percent born out of wedlock in the White community. The Word of God declares that fornicators cannot inherit the kingdom of God. No idolaters, adulterers, nor effeminate (homosexuals), nor abusers of themselves with mankind, nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners shall inherit the kingdom of God. Revival is America's only hope to stop the decline that President Obama refuses to acknowledge. The President and his many associates are the current architects of America's rapid decline over the past three years. Their disdain for the Word of God, as evidenced by their defiant promotion of homosexuality in our military, will result in Divine Judgment when our forces are called to defend America's freedom and security. (Remember President Carter's failed attempt to rescue the American hostages in Iran?

"Righteousness exalteth a nation, but SIN is a Reproach (disgrace) to any people" (Proverbs 14:34). Mr. President: Sodom and Gomorrah were real places (please read about them in the Bibles I sent to you and to your wife. I know you received them because I received a thank you note with what appears to be both you and your wife's signatures). We are in decline because America has turned a deaf ear and blind eyes to what thus says the Lord. Mr. President, you are in denial of the true state of this union. On September 30, 1987, in the White House briefing room, I told President Reagan that we needed revival in this country. He replied, "I go into the Lincoln bedroom and pray, and I could not run this country without prayer. I go to Him (GOD) so much that I'm afraid I'm going to get a busy signal." President Obama, REVIVAL IS AMERICA'S ONLY HOPE. As President of all the United States, why do you not lead the charge?

Jesus Christ paid it all and said it all." I am the way, the truth, and the Life: no man cometh unto the Father but by ME. John 14:6 ."
